"Spring is the time of plans and projects."

~Leo Tolstoy,
Anna Karenina

On April 8th Glenhaven celebrated with a groundbreaking ceremony for the new building and renovation. Residents, tenants, staff, the Board of Directors, local businesses and many dignitaries from the state and local level were present. It was a great day and by the way the pictures showed it was a very festive time as well.

I would like to thank everyone that was here

that day and to those that have supported us to this point. It does take the community for the support that is needed during a project like this. This collaboration comes in many ways: volunteerism, monetary and so on. Without you, we would not have been here for 55 years!

If you have time, stop by and visit with us. Be it a quick stop for a cup of

coffee or an extended visit for lunch and an activity. Your presence is always welcomed and appreciated!

From Glenhaven and all that have ties to it - Have a great Spring time (if it ever comes).

~Dave Prissel

Spring Cleaning Tips!

Consider doing these this spring:

1. Wash overlooked surfaces (door frames, walls, etc)
2. Wash windows (do this on a cloudy day!)
3. Clean sliding door tracks
4. Deep-clean carpets
5. Clean under furniture and appliances
6. Freshen furniture (clean, repair, paint)
7. Freshen window treatments
8. Dust light fixtures
9. Organize clutter
10. Safety inspection (smoke alarms, fire extinguishers, etc)
11. Power wash exterior
12. Gutter maintenance
13. Outdoor furniture
14. Freshen bedrooms (flip mattresses, wash mattress pads and bed skirts)
15. Clean your bathrooms (remove old products, replace worn shower curtains, etc)

Good luck and enjoy your clean, fresh home!

Make a Difference on Earth Day~April 22nd

A few things you can do to contribute to Earth Day include: planting trees, doing a road-side clean-up, recycling, make/buy your own Earth-friendly cleaning products, ride your bike instead of drive your car, use re-usable water bottles, do your laundry at night, and turn the water off when you are washing your face and

brushing your teeth. Every day is Earth Day. Anything to help our environment is a perfect thing to do on Earth Day and every day. Don't restrict yourself to just one day a year; learn about how you can make a difference to environmental protection all the time. And put it into practice - every day!

Glenhaven Addition and Remodel

In the next few issues, we will be laying out the groundwork for the addition and remodel to familiarize you more with what we are up to. To date we have pushed back the actual moving of earth to get started because Mother Nature is just not cooperating this year. Topics will include the Neighborhoods, Households, Room types, Town Center and the benefits to the residents, staff and community.

The neighborhoods and households at the new skilled nursing facility will create the immediate environment and surroundings where residents will dwell. Each area will have its own unique character and feel. Residents at The Neighborhoods at Glenhaven will live in one of two distinct neighborhoods. Each neighborhood is comprised of two households, which accommodate 11 residents, 22

residents per neighborhood.

The neighborhoods and households will include:

- Household Living Rooms
- Sun Rooms / Sitting Areas
- Neighborhood Outdoor Courtyard
- Central Dining Areas
- Household Kitchens
- Laundry Rooms
- Spa Areas with Beauty shop and massage table
